

## Government & Emergency Number in Baja

We have begun a list of contact information for important government offices and emergency numbers. One important one to remember that will serve many areas of Baja is 066. This is the equivalent of the 911 number in the US and should only be used for emergencies.

We invite our readers to help us keep this list up to day and provide additional contact information for those offices which they have done business.

We will continue to grow and update this list with your help.
